

Four Post Lift

KEY FEATURES

- Both maintenance & parking
- Ready for self installation
- Trusted mechanical locks

INTRODUCTION TO STRONGMAN 4 POST LIFTS

The Home Enthusiast: often ideally looking for a storage solution, the ability to double-up parking space, something that many people would envy. If they could use a 4 post lift at home the answer to car storage is available at the touch of a button. Our lifts fit into the tightest spaces, can be configured to enable customers to carry out full maintenance and servicing, offer instant all-round access and allow users to access every nook and cranny of their vehicles, or simply and quickly securely store one vehicle over another. All our lifts are designed to employ single phase 240V power which means they can be installed at home with the minimum of fuss and disruption. A full set of drip trays can be specified (these are standard on the Glenfinnan lift).

Commercial Customer: Our UK designed lifts are proven, robust & secure lifting platform supplied at a very attractive prices. The Glenfinnan can be squeezed into an alcove or corner of the workshop and this has proved an asset in increasing the number of available bays in space retracted environments. The lifts are made with high grade steel and finished with top quality welds. Three phase power can be specified.

ALL LIFTS FEATURE

- 240V SINGLE PHASE MOTORS & PUMPS
- OPTIONAL JACKING BEAM
- INSTALL OR COLLECTION AVAILABLE
- FAIL SAFE LOCKING MECHANISMS
- ADJUSTABLE HEIGHT ADJUSTMENT
- CE APPROVED FOR OUR OWN DESIGN

GLENFINNAN FOUR POST LIFT

Standard Glenfinnan Car Raised to Max - 1800mm

SPECIFICATION

LIFT CAPACITY	3500 kg
LENGTH	3500 mm
WIDTH	2500 mm
MAX LIFT HEIGHT	1800 mm
PLATFORM LENGTH	3120 mm
MOTOR	240V Single Ø
SUPPLY NEEDED	C or D - 16A
CONCRETE SPEC	6" - 3000 PSI

PRODUCT INFORMATION

Our very own work, designed by us with the home user in mind. The most compact four post lift available on the market and with features such as, 1 metre long up ramps making it suitable for low profile vehicles. The lift features modern safety locking mechanisms, CE complinant and is powder coated. It is evident that this really is the ultimate lift for the automotive enthusiast.

We like our customers to feel special, so whenever they place an order with us they know that they are having a lift produced just for them, rather than us just selling them whatever we happen to have on the shelf. A lift is going to be a purchase that will last you a life time, so why purchase something that half does the job when you can come to Strongman Tools and get the right lift for you.

DUNKELD FOUR POST LIFT

Dunkeld
Car Raised to Max - 1800mm

SPECIFICATION

LIFT CAPACITY	3500 kg
LENGTH	4380 mm
WIDTH	2500 mm
MAX LIFT HEIGHT	1800 mm
PLATFORM LENGTH	4000 mm
MOTOR	240V Single Ø
SUPPLY NEEDED	C or D - 16A
CONCRETE SPEC	6" - 3000 PSI

PRODUCT INFORMATION

The Dunkeld is another Strongman exclusive, not content with offering you the Glenfinnan, we had such continued demand for a Standard length NARROW lift that we have developed this model.

The Dunkeld offers that extra bit of flexibility to those customers in workshops coping with restricted width.

This lift will cope with cars driving onto it up to a maximum of 1760mm width across the tyres. It is 2500mm wide and 4380mm long (excluding up-ramps), the main ramps are 500mm wide and 683mm apart.
